

What is it that I do? I look at someone’s situation and see if I can better it through the Refinancing of an existing Mortgage, Pre-Qualification to buy a new Home, or mesh their financial timelines and goals with a Payment & Term that fits into their overall plan. Please let those in your sphere of influence who you believe could benefit from having a conversation with me know what I do, how I can be reached, and that I’m available to discuss potentially improving their situation. I am a lending resource for Borrowers, Realtors, and other referral partners (CPAs, Financial Planners, Tax Specialists, and so on).

My goal is to make everyone’s life a little easier. Consultations are always free of charge and without obligation. I look forward to discussing how NewFed Mortgage could be of service, assist, or instruct in any way. **We are the partner you can trust.**

Be well,

Neil J. Cremin
